

# Lucky Day Gold

The day we started making sweet wine was a Lucky Day. It was the day we embraced the song of our hearts – a tune of cultivating rich soils, sun-ripened fruit and real Moscato.

Lucky Day Gold is a true California Moscato, made by sweet wine specialists with 50 years of experience. Our distinctive Muscat varietals thrive in the heart of California's warm and sunny San Joaquin Valley, rich with real, sun-ripened flavor and sweetness.

At 16% alcohol, Lucky Day Gold Moscato offers a premium choice to wine drinkers in the higher alcohol, sweet wine category. It is a real wine, crafted with expertise and flavor that can't be duplicated in a lab. Take a sip and taste the difference.

Lucky Day Gold features vibrant acidity with touches of stone fruit and natural sweetness balanced with zesty citrus notes. Serve it chilled while listening to your favorite beats.

Available in a 750 mL size.
